nineteen sixty eight
"As nature designed her great Masterpiece, so Medical Art strives to understand her abstract design."

Weiler

Richmond Virginia Vol. 55
Nature, a kaleidoscope are you!
And we have sought to know you
even though you have determined
not to be known . . .
. . . But can our blindness be your real wish when you have made us so bright, so enthusiastic, so curious, so sympathetic, and so vain? . . .
. . . Must we accept health and sickness as you see fit or may we take you into our own hands when we can help our brother or our sister? In trust, we dare to borrow your art and copyright it so that medical arts and its institutions may remain the stronghold of man’s humanity to man.

Beginning in June ... work in department ... orientation to floor work ... eight weeks ... more classes ... more work ... Third year ... full-time practice ... first graduating class ... Associate Degree in Science ... a hard climb ... a successful end, hopefully!
Sigma Zeta is a national honorary science society founded in 1925. The Medical College of Virginia has one of the first chapters, founded in 1927. It is the only college wide group for honoring academic achievement at the Medical College. Members are selected from the junior and senior classes of the schools of medicine, dentistry, pharmacy, and nursing. The new members are honored at a banquet held in the spring.

**OFFICERS:** (Standing) James McKenney, President; David Kirby, Vice-President; (Sitting) Nancy Barlow, Secretary; Larry Hensley, Treasurer.

Alpha Sigma Chi

Alpha Sigma Chi is an honorary leadership society, initially organized in 1938. Our purpose is to create a spirit of fellowship among our members who are selected from the schools of dentistry, medicine, nursing, and pharmacy. Members are chosen on the basis of leadership, character, and service to their classmates. We hope that this spirit of fellowship that is fundamental to Alpha Sigma Chi will also carry over into our graduate professional relationship. A banquet held in the spring highlights the activities of Alpha Sigma Chi. At the banquet, pledges are initiated, and new officers are elected.

Alpha Omega Alpha is an Honorary Medical Society founded at the College of Medicine of the University of Illinois in 1902 by William W. Root. It is the only order of its kind in medical schools on this continent. Its foundation seemed to forecase the remarkable evolution that has occurred in American medical education in the past half century.

Membership is based on scholarship, personal honesty, and potential leadership. Alumnus membership is granted for distinctive achievement in the art and practice of scientific medicine, and honorary membership to eminent leaders in the field of medicine.

A.O.A. has gradually become an integral part of medical education in America and through its chapters and members has distinctly stimulated medical research, the highest educational and ethical standards, as well as the nobler professional ideals.

The Brown Sequard Chapter at MCV was organized in 1940. Each year A.O.A. events at MCV include initiation of new members, a banquet, and a guest speaker who is a prominent figure in medicine or the allied sciences.

Rho Chi (PX), the national pharmacy honor society is “to pharmacy what Phi Beta Kappa is to the Arts.” In 1929 the Lambda chapter was founded at M.C.V.—now one of seventy-two chapters.

The objectives of Rho Chi are promotion and recognition of high attainments in the pharmaceutical sciences. Scholarship, leadership, and character determine eligibility for membership.

The members include undergraduates and graduates in pharmacy including many faculty members and graduate students.

Activities this year included a Pharmaceutically oriented seminar and the May initiation of new members.

Since its founding as a non-sectarian medical fraternity at Cornell University Medical College in 1904, Phi Delta Epsilon has achieved unique success in blending three components essential to a happy and purposeful medical career:

1) High scientific and educational standards, 2) Good fellowship at undergraduate, house-staff, and graduate levels, and 3) Constant awareness of the highest medical ethics.

Highlights of the fraternity’s programs include the following: combined undergraduate, house-staff, and graduate participation in smokers, parties, dances, and dinners; annual Aaron Brown Lectureship; annual Scholarship Prize; annual National Service Award; Wives’ Club; B. Edgar Spiegel Student Loan Fund; Higher Educational Loan Program for graduates; Annual Conventions; Phi Delta Epsilon News; as well as a Placement and Advisory Service.

OFFICERS (l. to r.): R. Layton, Sec.; P. Okun, Pres.; P. Dascher, Hist.; A. Ganderson, Treas.; J. Yaffa, V.P.

Phi Delta Epsilon
The AKK Pledge Manual tells the story of our humble beginnings best. Thus—
On September 29, 1888, a group of students at Dartmouth Medical School in Hanover, New Hampshire, met and organized the Alpha Kappa Kappa medical fraternity. Credit for the origin of our Fraternity must be largely given to the late Dixi Crosby, Alpha '91, who was at that time a freshman in the medical course. There had been a previous attempt to form a medical fraternity at Dartmouth under the name of the “Ace of Spades” (which went out of existence about 1900) believed to have had a convivial rather than a serious purpose. (Editor's note: Bo-o-o-o-o-o !)

The Manual continues. Thus—
According to Dr. D. S. Stokes, a member of the class of 1889, Dixi Crosby, son and grandson of faculty members, was invited to join this group. On learning that many of the higher type of men in the school were to be denied membership for superficial reasons, he refused to join and determined to organize a fraternity based upon the broad purposes of “Social intercourse, mental development, scholarship, and mutual assistance.” He had no difficulty in interesting the more desirable students, and to the consternation and detriment of the earlier group (none of whom was extended an invitation to become a member of AKK) Alpha Kappa Kappa was born. (Editor's note: Yay-y-y-y-y !)
If there are any questions concerning this fol-de-rol, Hal Weiler, our Historian, will be glad to answer them.

Phi Chi, National Medical Fraternity, was founded at the University of Vermont in 1889. The Theta Eta Chapter was established at the Medical College of Virginia in March 1889. Phi Chi is the largest national and international medical fraternity, both in number of chapters and total membership. The fraternity was founded to promote the high ideals of scholarship and brotherhood among its members and all of medicine.

Delta Sigma Delta

First Dental Fraternity—1882 ... Fraternal cooperation ... Scientific, ethical, professional progress.
To gain men of like minds and common aspirations.
Omicron Omicron chapter ... Successful year ... monthly meetings and parties ... active wives club with monthly meetings and social events.
Host to guest speakers ... Dr. Green, the dentist's role in detecting early oral cancer; ... Dr. Powell, President of Virginia State Dental Association, speaker at rush; Dr. Huffstutler, Supreme Grand Master of Delta Sigma Delta, guest of Dr. Powell and Delta Sig's ... a party at Country Club of Virginia and an oyster bake in his honor.

Christmas provisions for a needy family ... Seniors looking forward to Supreme chapter of Delta Sigma Delta.
Psi Omega with seventy-eight chapters, is the oldest dental fraternity. Gamma Omicron is the M.C.V. chapter. The fraternity is an integral supplement to the D.D.S. degree. It advances the dental profession and provides fellowship among the members.

1967-1968 has featured monthly meetings with speakers followed by informal discussions; parties which Psi O's have been known to enjoy; and the Psi Omega Wives with their own meetings and officers who supplied the orders for cocktail parties and plans for a fraternity lodge.

The fraternity is proud of its pledges and its new co-sponsors.
1967-1968 ... Rejuvenated leadership ... psychedelic rush party ... theater dinner ... Dude ranch party ... closer ties with Alumni ... monthly dinner meetings ... guest lecturers ... Lake Side Country Club ... Senior big brother program ... lunch hour bridge games ... senior banquet ...

Phi Delta Chi Luncheon for Brothers and Alumni attending the V.Ph.A. convention ... back to school and presentation of the Tri-Fraternity Bulletin board to School of Pharmacy ... participation and display for National Pharmacy Week ... “Red Vest Seminar” sponsored by Royal Moses ... “Harvest Romp” as theme of back to school dance ... joint Christmas party with Kappa Epsilon for underprivileged children ... “Red Vest get-together” sponsored by P.D.C. and C. E. White, faculty advisor ... winter ... RUSH SEASON—RUSH BANQUET—RUSH DANCE ... result—33 new pledges for Alpha Delta ... formal initiation ... another successful Ad Book for P.D.C. ... spring 1968 ... annual Spring formal and Banquet at Holiday Inn ... election of new officers for a bigger and better 1968-69 ... the end of a very rewarding and successful year for Alpha Delta ... 25 seniors join the ranks of faithful alumni ...

The first collegiate chapter formed was at the University of Maryland on November 18, 1898 and was called Delta. In 1900 the fortieth collegiate chapter, Beta chapter, was formed at the University College of Medicine in Richmond, Virginia. On March 19, 1904, Theta chapter was installed at the Medical College of Virginia, as the eightieth collegiate chapter, and in 1913 when the University College of Medicine merged with the Medical College of Virginia, Theta chapter remained as the active chapter of Kappa Psi.

Kappa Psi was incorporated as a national fraternity for both medical and pharmacy students in 1903. In 1924 these two branches separated with the medical branch becoming Theta Kappa Psi.

The total active membership is over 28,000 which is governed by Alpha chapter, consisting of the national officers.

SCHOOL OF DENTISTRY
Dentistry Is . . .

FRESHMAN . . . 1967 . . . a year of mixed feelings . . . the beginning of our years at MCV . . . looking forward to the next three . . . Remember . . . Question—sesamoid bone is— . . . word for today . . . festoons . . . “ect.” . . . sadness—Monday and all of second quarter . . . promising future . . . sophomore pathology (shudder) . . . junior year and clinic . . . senior year . . . hope to discover why we have suffered with biochemistry . . . histology . . . gross . . . comparative . . . and the rest . . .

SOPHOMORE . . . 1967-68 . . . gay and sad . . . profitable and frustrating . . . long but short . . . time well spent . . . remember . . . Speedy Enrique and his Latin mystic . . . organ numbers and M-II tests . . . the missing box of slides . . . free pencils and the magic IBM machine with its bell curve . . . and Sally. The White Knight of the Egyptian Building . . . Staph. aureus . . . lecture, lab . . . Operative . . . class II preps . . . impressions in pedidontic lab . . . blue and green wax . . . lost crowns and preps . . . hot ovens and eight projects to go . . . golf on Tuesdays and Wednesdays . . . Marshall law and the denture of the week club . . .

JUNIOR . . . the year we all awaited . . . dentistry at last . . . “Are you in clinic this summer? No in prosthetics” . . . Happiness is two ZOE’s under the Cepacol kid . . . “I want to put that bad old tooth to sleep” . . . But, sir, won’t the hot oil damage my mirror? . . . Did he take role today or play tapes? . . . But, sir, it took me three hours to put that one in . . . What’s your question, Doctor? . . . Thank goodness it’s Friday . . . Who borrowed my . . . boy did I get it in the ear today! . . . quiz, what’s that . . . beware of seniors offering charts . . . Roentgen, Roentgen, X-ray . . . Doctor are you doing an occlusal prep or a full mouth rehabilitation . . . “I hate prosthetics, I hate operative, I hate periodontics, I hate—” . . . why don’t you quit? . . . “I like dentistry” . . . Just one more year, maybe . . .

SENIOR . . . Finally, the attainment of goals . . . a glance back on joyous moments . . . Doctor, Doctor,—show me the mouth . . . The wules and wegulations of the clinic are crystal clear; this is your last chance . . . May I be of assistance Sir! . . . Captain Cathode . . . Doctor it is strictly mind over matter; I don’t mind and you don’t matter . . . vacation book . . . What is your problem Doctor! . . . the clamp just entered the maxillary sinus . . . what pocket? . . . 7 no trump—double . . . its off by a RCH—do it over . . . Chart check . . . confusion!! . . . We leave . . . We hope!!!!!

SCHOOL OF NURSING
Nursing Is . . .

FRESHMAN . . . a start . . . awe and admiration for the upperclassmen . . . long hours of study . . . Chemistry . . . test tubes . . . bunsen burners . . . “What color is it supposed to be?” . . . Biology . . . frog dissections . . . genus and species . . . lab tests . . . and English . . . English? . . . Do we ever see the inside of the hospital!?! . . .

SOPHOMORE . . . a sampling of our endeavor, at last . . . Introduction to Nursing . . . bed-making . . . the hopper room and its pilot light . . . diaries . . . family visits . . . sociology . . . psychology . . . anatomy and its bones . . . TPR’s and BP’s . . . that first injection . . . Med Surg I and II . . . evaluations . . . summer quarter . . . school on the Fourth of July!?! . . .

JUNIOR . . . half-way through . . . lending a helping hand . . . “You say the first two years were the hardest?” . . . our white caps . . . “How to keep them on!” . . . 2 AM . . . OB follow-through . . . “She just delivered” . . . Pediatrics . . . colorful smocks . . . crying children . . . sleeping children . . . “Independent” . . . research . . . bib cards . . . valid data . . . Seventh floor or Central State . . . listening and talking . . . History . . . more English . . .

SENIOR . . . our black band, at last . . . Advanced . . . cardiac monitors . . . busy mornings . . . Life and Death . . . blue uniforms again . . . “Now I look like a stewardess instead of a maid.” . . . wonder how many more blocks . . . improvising home care . . . management . . . theories . . . more bibliographies . . . on the unit . . . twenty patients at once . . . but above all . . . Nursing is learning . . . sharing . . . giving of yourself.
SENIOR CLASS OFFICERS:  left to right, Pam Stokes, President; Millie Clark, Treasurer; Linda Goode, Vice-President; Nancy McGee, Secretary.

SCHOOL OF GRADUATE STUDIES
Graduate Studies Is . . .

Graduate students . . . the first year spent in confusion . . . who to get for a research advisor . . . proposed research topic. alcohol dehydrogenase . . . a search for knowledge not easily satisfied . . . many courses in many departments . . . the end is not in sight . . . graduate school is not an eight hour a day job . . . we are now professional students.

Who ever thought so much could go wrong with such a simple project . . . did he say start the whole project over again? . . . lectures, seminars, teaching, when do we get a chance to eat? . . . get those language requirements out of the way.

A Ph.D. in less than five years? Not likely . . . would you believe less than ten years . . . a thesis can not be done in just three months . . . Panic! comps ahead . . . writtens, orals, what else can they throw at us . . . it sure pays to study for a few, days in advance.

The end of graduate school is a whole new beginning . . . wider worlds for us . . . opening new worlds for others . . . new experiences, new people . . . we have finally arrived.

It says open book.
You mean you have to plug it in?

Who told them Dr. Fischer was coming?

Our motto, "Clean mind, clean lab, take your pick."

Show and tell time.
Where do you put the nickle?

Who says it saves nine?

There goes the data.

Let's see, where was I?
SCHOOL OF PHYSICAL THERAPY
Physical Therapy Is . . .

TO P.T.'s '69 . . . early desires to become a P.T. culminating in the student at MCV . . . wet and dry epithelial tissue . . . the luxury of massage labs . . . the bones in our flower boxes . . . trying our AKK parties . . . twenty-five matching green, elf suits . . . the pain of contrast baths . . . water games in the therapeutic pool . . . being derailed from Miss Hirt's train of thought . . . wipe-out of the mind with exam #1 . . . Up and Away Dude Ranch . . . the twelve days of a P.T. Christmas . . . going home for Christmas . . . deciding to come back . . . Discovery '68 in the basement of old Sheltering Arms . . . Studying at MEB . . . touching our first patients . . . having instructors who care to give us their very best . . . learning about bed pans and Scultetus's Binder . . . washing cars and candying apples to finance the senior blow-out . . . knowing that the seniors are finally escaping from MCV as symbols of success . . . expending priceless energy in crutch-walking at 8:00 A.M. . . . having to face Exam #2 and finals . . . looking forward to clinical affiliation which represents a trial run.

TO P.T.'s '68 . . . "No man is an island . . . No man stands alone . . . Each man's joy is joy to me . . . Each man's grief is my own" (John Donne) . . . this is the creed which has carried us through two years of a "test tube" existence withstanding the perils of a new twenty-one month curriculum . . . but through these tedious months what has kept us going is . . . one another . . . our fun times in old McRae . . . struggling through anatomy orals . . . sharing experiences from clinical affiliations . . . a long alone in the new dorm . . . joys of recuperating from the camping trip in the infirmary . . . the many, many spontaneous party times . . . it took that and more . . . all the conviction we were given by our teacher . . . all the knowledge we could get from one's books . . . all the respect we received from our patients . . . all the encouragement we got from our friends . . . all the wisdom we could find in ourselves . . . and now as we leave MCV making the transition from student to physical therapist, we will live this creed . . . no longer in relation to our classmates but to our patients.

SCHOOL OF HOSPITAL ADMINISTRATION
Hospital Administration Is . . .

From four corners of the United States . . . individuals . . .
a common goal, a moving ambition, a feeling for mankind . . . a class
of graduate students in hospital administration. September, 1967 . . .
a new phase in the life of the School of Hospital Administration . . .
Dr. Thomas Barker—a new director.

Learning experiences . . . wide and varied—as hospitals are
complex. Psychology—an awareness of people; law—an awareness
of problems; industrial management—an awareness of methods;
admission and management—an awareness of duties and respons-
sibilities. All with one goal in mind—“BPC”—Better Patient Care.

Methods of reaching offer variety and spice . . . a bus ride to
Woodrow Wilson Rehabilitation Center . . . an autopsy . . . a social
worker . . . a nursing project . . . many films . . . many guest lecturers . . .
No black and white answers to questions and problems . . . hospital
administration—a field filled with challenges in abstract.

Nine months of academic work—dreams of “how it will be
in my hospital” . . . a second phase—a residency of twelve months—
work with a preceptor—an actual hospital. Monthly seminars on
campus . . . projects, gossip, sharing, and company—a convention in
itself.

After two years . . . study and practice . . . a Master of Hospital
Administration degree. A future based on past and present . . . a
competent, well-rounded hospital administrator.

"So happy together!"
Some people can't take a joke!

The cupboard is bare.
Dorothy Roberts
Norma Robinson
Mary Titlow

Linda Watts
Judy Wells

Some people hate to be interrupted while studying.

Can't you do anything right?
On December 1, 1837, the Board of Directors of Hampden-Sydney voted to establish a medical department in Richmond, which opened in the fall of 1838 in the Old Union Hotel at 19th and Main Streets. During The War, the College met the needs of the Confederacy. Dr. Hunter Holnes McGuire (1835-1900) was Medical Director of the Army in the Shenandoah Valley. The night Stonewall Jackson was shot by his own men while returning down the front lines, Dr. McGuire performed emergency surgery to amputate his left arm and remove a ball-shot from his right hand. Jackson died and Dr. McGuire was elected to the Chair of Surgery at MCV. In 1897-1898 the Schools of Dentistry and Pharmacy were added, followed by Nursing in 1913, the year the University College of Medicine was merged with MCV. The next fifty-five years has seen MCV grow to the complex IBM center encompassing every major area of the Medical Arts that we know today.

We are now on the threshold of a new era that marks the union of Liberal Arts from RPI with the sciences of MCV to form the new Commonwealth University. We, the X-RAY staff, look upon this new move with both skepticism and praise, hesitancy and anticipation, and wish it the very best.
Acknowledgements

The Editors wish to express their sincere thanks to the many people who have given aide, assistance, and support to this, our last edition produced by the MCV we all knew. Special thanks to Miss Betty Morrow for her help in getting us our pictures. Our appreciation to the photography staff:

O. B. Hash
Harold Weiler
David Schwartz
Norman Rockwell
Fabian Bachrach

Special mention and gratitude to:

John Broadwater,
of Miller and Rhoads Portrait Studio, for his advice and counsel, and for all of the color pictures used in this edition.

Also to all students who submitted snapshots.

A word of thanks to Dan Defalco and Lester Peterson of Taylor Publishing Co. for their patience and extra triplicates.

Dr. Page Hudson, for his time and effort in making our tissue slides.

Explanation:

The staff must again express its regrets for the perennial confusion over mug shots. Our apology to the Seniors who would have, otherwise, had their picture appear more than twice. Next year, with the student body’s cooperation, there should be no problem. Please forgive all misspelled names, unflattering pictures, or other errors involving one’s self-image.

100 million prescriptions filled... a measure of the trust people have in Peoples Service Drug Stores!

We've passed the hundred million mark. One hundred million prescriptions have been filled by all Peoples Drug Stores since we opened our doors in 1905. Count the prescriptions and you've got the number of times people have counted on Peoples with confidence. At Peoples, nothing is more important than this confidence. That's why, 100 million prescriptions later, we're still giving you the same personal and professional service we started 63 years ago.

There's a Peoples Service Drug Store near you!

Our school offers many advantages to those who wish to enter the nursing profession. Complete information furnished upon request.
Bioblend® Teeth make any denture look more natural.

Bone-like enamel. Wrap around translucency. Internally blended color. These are just a few of the esthetic refinements which distinguish Bioblend from all other artificial teeth. The result: Bioblend Teeth are now being used more often for complete dentures than any other teeth in the world. Any other!

Available in porcelain or plastic.

ELECTRICITY:
MUSCLE OF INDUSTRY

Behind the great industrial might
of America stands a “giant workman”
— electric energy. It would require
the muscle energy of 70 men working
40 hours a week for one whole year
to equal 10,000 kilowatt hours of
electricity — less than the average
annual consumption of two Vepco
residential customers. Yes, electricity
is the “muscle” behind our power
and prosperity.
